Metabolic  
Surgery Center

Baptist Hospital

# Your Journey Begins Today at the Metabolic Surgery Center at Baptist Hospital

**1. Call 615.284.2400** or,

**2. WALK-IN's — weekdays, no appointment necessary (7:30am – 4pm, Monday – Friday) for your free personalized assessment and evaluation.** During your visit, one of our insurance specialists will review your insurance coverage and qualification criteria so you will know, before you leave, how much it will cost, the time involved as well as the complete approval process, as well as receive your access code to our online seminar, Emmi™ at [www.baptistweightloss.com](http://www.baptistweightloss.com).

**3. Attend a FREE surgeon-led informational seminar. The Baptist Metabolic Surgery Center offers three each month.** Our seminars cover lap-band, gastric bypass, sleeve gastrectomy and duodenal switch procedures. There is no cost to attend! If you do attend a live seminar, please bring your insurance card with you, so we may verify benefits and coverage criteria for bariatric surgery.

Our Center is unique, in that we have eliminated much of the guesswork and time. We are the **ONLY** Center in the area offering this very simple process. Other Centers require 6-8 steps, instead of just 1 and 2.
